

## Medical Grade Synthetic Products

In this day and age, clients are looking for durable, tearproof, waterproof, synthetic stocks that hold up to medical grade disinfectants. We offer a variety of products that offer a Synthetic stock option in 6 mil and/or 12 mil options.

- **Business Cards**  
Tear-proof synthetic business cards are the most durable option we offer.
- **Brochures**  
These Durable Synthetic brochures provide a cleanable surface that can be reused.
- **Door Hangers**  
Durable Synthetic provides a cleanable surface that can be used to indicate a room or surface has been sanitized. The durability of the products lends itself for reusable applications.
- **Menus**  
Durable, tearproof, waterproof, synthetic menus that hold up to medical grade disinfectants. Available in 2 different sizes, weights and 3 style options.
- **Posters**  
Be ready to communicate the next normal with synthetic full color posters for any wall, framed or unframed, these can be seen as budget alternatives.
- **Sales Sheets**  
Full Color Sales Sheets offered on a durable 6 mil synthetic, printed 1-side or 2-side and choice of two different sizes. Durable means tear proof, waterproof and disinfectable. No joke, you can wipe it down with sanitizer or other disinfectants.
- **Rack Cards**  
Prepare your clients with durable, tearproof, waterproof, synthetic Rack Cards that hold up to medical grade disinfectants.
- **Trading Cards**  
Trading Cards are also available printed 1 side or 2-sides on durable synthetic stocks. These are perfect for any information that should be kept for future reference again and again.
