

## Window Treatments

- **Window Clings**

*Window Clings are near photo quality and ideal for POP signage on glass or glass-like smooth clean surfaces. They are printed on a glossy material and can be used indoor or outdoor.*

- **Opaque Window Graphics**

*Available as either single-sided or double-sided prints. They are printed with UV inks on adhesive film and is applied for mounting onto a window.*

- **See-Through Vinyl Graphics**

*A flexible vinyl front with a clear removable acrylic adhesive back. This perforated window film is designed for production of see-through graphics for windows. Recommended for use on flat vehicle windows or retail store windows.*

- **Static Stick Service Clings**

*Made of flexible smooth vinyl that sticks to clean glass surfaces without adhesive. This product is popular for automotive service reminders. These clings are pen receptive and designed for back application. Place the cling on the inside of the vehicle windshield facing the driver.*

- **Pro-Cut Vinyl Lettering**

*Pro-Cut Vinyl Lettering keeps multiple individual letters and graphics together as one piece to transfer easily onto windows, vehicles, or other smooth hard surfaces. A pre-mask layer is what holds everything in place and allows you to install the vinyl decal precisely where you want it with ease. We die cut vinyl graphics with intricate precision and will weed out the excess, including the picks (the inside of an "o", "e", or other enclosed part of the art).*
